Hello Kristine.

Thanks for providing EPA's comments letter regarding the Gasco FFS. I especially appreciate you sending a draft letter for our consideration prior to Thursday's meeting.

Good timing on routing the document. We were in the process of developing a list of topics to discuss during the meeting. The list was intended to focus meeting discussions on what we considered were the priority issues. With your letter, the list can reflect the priorities identified by both EPA and DEQ.

Look forward to seeing you and Rene on Thursday morning and have a safe trip south.
